

Global Small Cap Equity Fund

OBJECTIVES AND PROCESS

- Seeks long-term capital appreciation
- Invests at least two-thirds of its assets in equity securities of small-capitalisation companies located worldwide
- Invests in no fewer than three countries and may invest more than 25% in any one country
- Seeks to identify companies that are well managed and have flexible balance sheets, sustainable cash flows and undervalued relative to their intrinsic value
- Uses a negative screen to exclude securities issued by companies based on their exposure to ESG risks
- Invests principally in equity securities of global small-capitalisation companies (within the MSCI World Small Cap Index market-cap range at the time of purchase) but can invest up to 10% in emerging markets (companies that operate from countries in the MSCI Emerging Markets Index)
- May use futures/derivatives for hedging or efficient portfolio management purposes

KEY RISKS

Market risk: securities may decline in value due to factors affecting securities markets generally, and equity securities generally have greater price volatility than debt securities.

Global investment risk: securities of certain jurisdictions may experience more rapid and extreme changes in value and may be affected by uncertainties such as international political developments, currency fluctuations and other developments in the laws and regulations of countries in which an investment may be made.

Smaller-company securities risk: securities of companies with smaller market capitalisations tend to be more volatile and less liquid than securities of larger companies. **ESG risk:** applying an ESG screen for security selection may result in lost opportunity in a security or industry resulting in possible underperformance relative to peers, ESG screens are dependent on third party data and errors in the data may result in the incorrect inclusion or exclusion of a security.

1. The fund uses both the MSCI World Small Cap Index and the MSCI Emerging Markets Index as a reference for selecting investments and the MSCI World Small Cap Index for performance comparison. The investments of the sub-fund may deviate significantly from the components of and their respective weightings in the benchmarks.

2. Subject to the discretion of the Board of Directors to determine otherwise, shareholders should note that the dealing deadline is by the close of regular trading of the NYSE (normally 4pm New York time and 10pm Luxembourg time) for all applications for subscription, redemption and switching that are sent directly to and received by the registrar and transfer agent. For all such applications that are sent to and received by the Hong Kong representative, the Hong Kong dealing deadline will apply and such applications will be processed by reference to the net asset value per share of the relevant class of the relevant sub-fund determined as at the close of regular trading of the NYSE (normally 4pm New York time and 10pm Luxembourg time) later that valuation day (or, if that day is not a valuation day, on the next day that is a valuation day). Applications for subscription, redemption and switching that are sent to and received by the Hong Kong representative after such Hong Kong dealing deadline (or on a day that is not a Hong Kong business day) will be forwarded to the registrar and transfer agent on the next Hong Kong business day, to be effected on the next valuation day. A business day shall be a day on which banks in Luxembourg and the NYSE are open for business. For the avoidance of doubt, half-closed bank business days in Luxembourg are considered closed for business.
